The Plus-Plus experience

SuperSized

KÆMPE [KEM-peh] means “giant” in Danish and that’s exactly what this Plus-Plus experience is all about. With the same iconic Plus-Plus shape in a larger size, KÆMPE invites kids to think bigger, build bigger, and play bigger.

Each piece measures 29 cm long, 17.4 cm wide, and weighs 145 grams, making it perfect for little hands and big ideas. Designed for children 2 years and up, KÆMPE turns any space into a playground for creativity.

Think big. Build bigger.

Perfect for any space

Use it indoors or outdoors, at home, in kindergartens, schools, libraries, or any place where imagination is welcome.

One shape **Unlimited creativity**

KÆMPE uses the exact same shape as every Plus-Plus piece. That means everything you can build with regular Plus-Plus, you can also build with KÆMPE.

Only much bigger.
